Bryan Julian Dice Roll Pseudo Code

```
PROGRAM RollTheDice:
        print Welcome To bryan's Dice Rolling Extravaganza!;
        print Do you want to roll the dice?;
        IF (yes)
                THEN roll the dice and give total times rolled;
                ELSE quit program;
        ENDIF;
        print Do you want to roll again?;
        IF (yes)
                THEN roll the dice and give total times rolled;
                ELSE quit program;
        ENDIF;
        WHILE (answer is yes)
                DO keep rolling and give total times rolled;
        ENDWHILE;
END.
